Home Security QR Code Settings Profile

1. Go to the Ask Permission page.
2. Fill in all required details, such as:
 - Door ID
 - Time of access request
 - Purpose of access
3. Submit your request.
4. The admin will review and approve or reject the request.
 - If approved, you can access the door during the specified time.

Accessing Doors ("Go In")

1. Once your request is approved, you can access the door during the permitted time window:

- Example: If your requested time is 11:00, you can access the door from 10:30 to 11:30.

2. Steps to unlock the door:

- Scan the door's QR code using your app's camera.
- The app will switch to the front camera for face recognition.
- If your face matches the registered ID, the door will unlock.
